

# 9/11 CAMPAIGN 2005

The 9/11 Campaign 2005 commemorative poster was designed by artAID in collaboration with September's Mission to give special recognition to those who contribute to this very important fundraiser for educational and cultural programming for the future World Trade Center Memorial. Individuals who have donated to the 9/11 Campaign 2005 are named within the shapes of the Twin Towers, where they have been given the opportunity to contribute personalized notes in memory of their loved ones. In the background are listed the names of all those who perished on September 11th, 2001, including the airline flights, the World Trade Center and the Pentagon, identified symbolically and listed chronologically in order of the events.

The 2005 9/11 Campaign poster design was produced specially for the 4th Anniversary of September 11th, and is the second in a series of annual works to provide continued funding for the future Memorial and its programs. This project holds the unique distinction of being the only fundraising initiative formally  
 endorsed by Governor George E. Pataki and Lower Manhattan Development Corporation. In addition to our many corporate and organizational sponsors, our important work would not be possible without the devoted commitment of numerous individuals who we wish to offer a very special acknowledgement:
